

Annex-1

1. **Student Eligibility:** Senior undergraduate students from (preferably 5th to 7th semester) engineering streams, enrolled fulltime in TEQIP-III institutions are eligible to apply to the program.
2. Students will go to Canada during the period of May to June in 2018 and will stay back for next 12 weeks.
3. To apply, students must provide:
 - Transcripts for all completed undergraduate coursework, if this is not available in English, student must submit a translated and notarized copy before the application deadline.
 - CV that details their research experience
 - At least one reference letter from an academic research professor or supervisor
 - Expression of research interest
4. The program is competitive and in addition to the above, students are evaluated on a combination of factors including their academic records and skills appropriate to the projects. Students must:
 - Have a minimum grade point average of 9.0 to apply to the program
 - Completed the age of 18
 - Demonstrate oral and written fluency in English or French, depending on the language of preference as noted by the host professor
 - Select at least three(3) and no more than seven (7) projects from at least (3) of Canada's provinces and/or territories and
 - Student must possess a passport that is valid at least until January 2020.
 - Must complete application by September 19, 2018 at 1.00 PM pacific daylight time.

To be eligible, submit the application directly to the Mitacs Globalink Research Internship program on the Mitacs website and application portal at following link:
